## Partners in India's New Growth Story

**In 1947 India began its milestone journey, and tied with it has been Grasim Industries as well**

For over seven decades, as India transformed from an underdeveloped economy to the fastest growing economy in the world, determined to emerge as a global superpower, Grasim Industries walked in step.

Starting with the textile business, it soon entered into the chemical and cement businesses with a single-minded focus to make a significant contribution towards nation-building.

Grasim enjoys a leadership position in all of the sectors in operates in: VSF, Cement, Caustic Soda, Linen, Telecom, Private Life Insurance and Asset Management.
